2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Liberty Elementary School is located midway between Fresno and Bakersfield, amid the central San Joaquin Valley. Liberty was established in 1867 to provide an education for students living on the outskirts of Visalia and Tulare and has a 154-year tradition in the community. The school made a courageous move to its new Pacific Avenue location in the summer of 2013, after residing along Liberty Road and Mooney Boulevard for 146 years. Liberty Elementary serves 745 students in transitional kindergarten through eighth grade.

Liberty's academic program includes: instruction in English Language Arts, Mathematics, Social Studies, Science, Physical Education, and Music. In addition to core instruction, students in grades TK-8 participate in technology, the arts education, band, journalism, leadership, STEM, AVID, and an outdoor garden to engage, challenge, and support student learning. Liberty provides an early child education for young students with a full-time preschool program, managed through the Liberty Elementary Education Foundation. For working families who require childcare outside of school hours, the foundation also offers before and after school care for students in the Kids Club Program.

Our Vision:

Liberty Elementary School's vision is to prepare our students to assume responsibility to plan, design, and build the future by providing a learning environment which is centered on students, directed by teachers, and supported by home and community.

Our Mission:

The mission of Liberty Elementary School is to foster academic excellence and self-esteem by maintaining an exciting, supportive environment for staff and students to work and learn.

Liberty School Goals:

- Ensure that students maximize their potential academically
- Ensure students with a focused, comprehensive, rigorous, and integrated curriculum
- Ensure a safe, nurturing environment that promotes growth, respect, and success
- Ensure effective communication and partnerships among the students, staff, parents, and community
- Ensure planning for present and future growth and facility expansion

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks and other classroom materials are purchased from the state-approved textbook list that meets California grade-level content standards.

Liberty Elementary has determined that each student has sufficient access to good quality textbooks and instructional materials pursuant to the settlement of Williams vs. the State of California. All students, including undocumented students are provided with individual standards-aligned textbooks and instructional materials in all core subjects. Textbooks and supplemental materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the Liberty Elementary School Board of Trustees by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination in the Liberty School Library and are provided with the opportunity to give input prior to adoption.

Teachers are requested to report any deficiencies or shortage of textbooks to the principal, therefore textbooks can be replaced or ordered if necessary. E-Rate funding provides the school with enough resources to purchase Meraki switches that allow sufficient and reliable high-speed internet connectivity in all classrooms and school buildings. Each student is assigned a Chromebook and hotspot device if they do not have internet connectivity in the home. Liberty offers a computer lab in the library for students to take assessments, do research, or complete assignments.

School Facility Conditions and Planned Improvements

The district makes great effort to ensure that safety and excellence are manifested in our commitment to provide well maintained, safe, and clean facilities for students.

School site inspections are conducted on a regular basis to assess cleanliness, maintenance, and the safety of the campus.

During the 2021-2022 school year, a continuation of building and expansion within the District included the following:

- Completion of two new kindergarten classrooms
- New construction of a ten-wing classroom building
- Addition of outdoor seating for students

The current growth in residential development near the surrounding area of Liberty School constitute an increase in student enrollment. Liberty Elementary School District applied for state hardship funds to build ten new classrooms and conduct other upgrades for future facility growth. The Liberty Elementary School Site is built upon a 21 acres parcel and houses 33 classrooms, a music room, a library, staff workroom, staff and student restrooms, administrative offices and a multipurpose building. The design of the campus is laid out in a semicircle arrangement with the buildings surrounding the play structure. There are large athletic fields to the south of the campus for students to run, play games, and enjoy seasonal sports.

Liberty School contracts a professional landscape company to maintain the grounds around campus by mowing, weeding, fertilizing, and watering the play fields. A full-time employee oversees regular routine maintenance, repairs, pest control, transportation, and the overall operations of the school. Liberty also employees one full-time maintenance/custodial/bus driver to keep our campus clean, buildings in working order, and make certain that our students riding the bus arrive to school and return home safely. We have part-time contracted custodial staff with a late afternoon shift to clean and sanitize classrooms and buildings after staff leave at the end of the school day. These key essential workers are responsible for cleaning, vacuuming, mopping and waxing the inside of all school buildings as well as conducting minor repairs.

Regular pest control operations including pesticide applications are ongoing. All such work is performed in strict accordance with applicable regulations.

Ongoing assessment of site cleanliness is performed by the district's facilities and custodial staff. This process includes the evaluation of new cleaning products, equipment, and procedures.

Maintenance work is scheduled in accordance with health and safety issues taking the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Liberty Elementary believes in the partnership of our parents and community to support our student's education. We provide many opportunities for our parents to have involvement in our learning community and leadership activities for parents. Our parents are highly encouraged to attend parent meetings including the English Learners Advisory Committee (ELAC), LCAP Advisory Committee and the Liberty Parent Teacher Club (LPTC) meetings. Keeping parents informed and involved in advocacy and support groups, provides opportunities for parents to share ideas, concerns, and aspirations focused on education. We welcome parents to involve themselves in their child's education by volunteering in the classroom and/or school. Liberty invites parents to help out in the classroom and become involved in varying activities to include: carnivals, fundraising events, parades, canned-food drives, dress up days, and Red Ribbon Week. During a typical school year parents are encouraged to chaperone during class field trips and volunteer in our school library.

Liberty conducts School Site Council meetings four or more times per year to discuss school plans, share information regarding programs, curriculum, and events to enhance student engagement and achievement. Liberty parents are encouraged to take an active role in their child's education through homework assignments and ongoing school (teacher) to home communication. Liberty school is committed to communicating with and engaging parents as partners in their child's education and learning. We continue to build the foundation for parent-teacher communication to promote academic achievement and to provide an excellent learning environment through a team effort. Consistent communication between home and school ensures all concerns are addressed in the best way possible.

Additional parent involvement opportunities include:

- Back-to-School Night and Open House
- Dr. Seuss Week
- Parent Teacher Conferences Fall/Spring
- Campus improvement/garden beautification days
- Character Count - Liberty Lion of the month assemblies

C. Engagement

State Priority: Pupil Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Liberty Elementary's Safety Plan addresses student safety, emergency procedures, and school discipline policies. The School Safety Plan is reviewed annually to ensure the plan is current and meets the requirement(s) of facility needs and ensure student and staff safety. Our safety plan provides information outlining required actions and procedures for targeted areas and designates those individuals with the skills required to conduct a specific job. In the event of a disaster on school campus, student safety, discipline policy, and the emergency plan procedures are to be used by all staff. The safety plan contains information provided by the California Safe Schools Assessment survey. Fire, lockdown and earthquake drills are conducted on a regular basis.

Liberty Elementary School's Safety Committee are responsible for the development, evaluation, amendment, review, and update of the site Comprehensive School Safety Plan by January 31 of each school year. A Crisis Response file to include the state-mandated comprehensive school safety plan aligned to state requirements described in California Education Code Section 35294 is available in the office. A School Disaster Preparedness Plan is also included in the safety plan outlining disaster procedures, procedures for safe entry and exit movement of pupils, parents and school employees, strategies to maintain a safe and orderly school environment, procedures for serious disciplinary problems, a sexual harassment policy, child-abuse reporting procedures, school dress code, and school discipline policies.

To maintain student safety, adult supervision is provided in the classrooms, during recess and lunch, and in all outside areas before and after school. Under the direction of the superintendent or designee, specific school procedures are implemented by the staff. One schoolwide disaster drill and monthly fire drills are conducted during the academic school year. All visitors are required to sign in at the front office and the campus is secured by locking all gates at the start of each school day. This procedure ensures the safety and security of all students, and staff. At the end of the instructional day, students are required to wait within the school grounds until a parent and/or guardian arrives to pick them up.

The School Safety Plan is annually reviewed and approved by local law enforcement and the Board of Trustees. Updates to the plan are completed by the administration and School Safety Committee.

2020-21 Types of Services Funded

On an annual basis, Liberty Elementary School District (LESD) submits our funding Application through the Consolidated Application and Reporting System (CARS). The application is submitted in two (2) parts: Part I, which contains program and demographic information, submitted by June 30th each year; and Part II, which contains budget information and program data submitted by January 31 each year. The categorical programs included:

Title I, Part A, Improving Academic Achievement
 Title II, Part A, Supporting Effective Instruction
 Title III- English Learner (EL), and Immigrant Programs
 Title IV, Part A - Student Support and Academic Enrichment
 ESSER, Elementary and Secondary School Emergency Relief

LCFF Funds Support:

- New Teacher Support Systems (NTSS)
- Class Size Reduction (CSR)
- Instructional Materials
- Educational Technology

Lottery Funds:

- Instructional Materials

Essentially, these funds are designed to assist students in mastering state standards. In addition to general state funding, Liberty Elementary School District receives state and federal categorical funding. Liberty Elementary School is committed to establishing a true partnership with all facets of the Tulare Learning Community. LESD values feedback and input. Parents continue to make positive differences in the lives of the children we all support. We know from research that participation in your child's education will not only bring success to your child but other children in the school. Our parents truly make a difference in the lives of Liberty students!

Professional Development

The Liberty Elementary School District's major area of focus for professional development are the district's essential priorities for teaching and learning: Provide First Best Instruction and Response to Intervention, implement districtwide agreements regarding First Best Instruction, build cultural proficiency across the system to foster and sustain literacy improvement. We value the impact highly skilled instructors have on student achievement. Three full-days of professional development before school begins, and monthly early release days are reserved throughout the school year for the purpose of providing district-wide staff development for teachers. Tulare County Office of Education Consultants (TCOE) provide specialized academic support for teachers in ELA, Math, and Writing. In addition, teachers attend content-area specific training sessions either before, during, or after the school day throughout the school year.

Professional development initiatives focused on the premise of the following:

- Defining First Best Instruction through the LESD Framework for Teaching and Learning
- Data-responsive Instruction
- Strategic/Intensive Intervention Curriculum/Strategies – Academic Vocabulary, Leveled Literacy, Guided Reading
- Technology Integration (1:1 chrome books in core content areas)
- Content development around Depth & Complexity with Project Based Learning
- NGSS Workshops and unit development
- ELA grade-level curriculum development
- Grade level teams have developed common course curriculum maps and common assessments in order to better monitor student achievement and adapt/re-teach accordingly

This year, Liberty Elementary School Staff will continue professional development in ELA, Math, and Writing. ELA grade level teams will continue their work with novel studies and units. Professional-development opportunities included Tulare County Office of Education Small Schools Conference, Consultation and training from TCOE academic specialist in: Guided Reading Training, Project Based Learning, Number Talks, What's My Place? What's My Value? And school-based coaching and training provided by the Principal.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
